

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.11 Shared Use (Cont'd)

(C) The customer must place an order for each individual Switched Access Service or MegaLink Custom Service utilizing the shared use facility and must also specify the channel assignment for each service.

(D) All channels within a shared use facility will be rated and billed as set forth in (1) through (5) following:

- (1) When a DS1 facility is ordered and provisioned as Switched Access, all channels, including spares, will be rated and billed as Switched Access until such time as the DS1 facility becomes shared use.
- (2) When a DS1 facility is ordered and provisioned as a Special Access High Capacity Service, all channels, including spares, will be rated and billed as Special Access until such time as the DS1 facility becomes shared use.
- (3) Once a DS1 facility, ordered as either Switched or Special Access, becomes shared use, all spare channels on the DS1 facility will be rated and billed as Special Access.
- (4) On a DS3 shared use facility, ordered either as Switched Access or Megalink Custom Service, the Switched Access channels on the DS3 facility must equal the cumulative value of the channels (both active and spare) counted as Switched Access on each DS1 facility.

For example, a Switched Access DS1 facility, which contains 20 active and 4 spare channels, is activated on a shared use DS3 facility. The DS1 facility is considered pure switched access and the shared use DS3 facility is prorated by 24 switched channels, i.e., 24/672.

(T)

(T)

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.11 Shared Use (Cont'd)

(D) (Cont'd)

(4) (Cont'd)

Subsequently, 6 of the switched channels from the Switched Access DS1 facility are disconnected and become spare. Since the DS1 facility is still considered pure switched, the shared use DS3 facility will continue to be prorated by 24 switched channels, i.e., 24/672.

(T)

If, at a later date, the Switched Access DS1 facility becomes shared use by the addition of 6 Special Access channels, the DS1 spare channels will then default to Special Access. The DS3 facility will be prorated by 14/672 to reflect the new switched channel value on the shared use DS1, i.e., 14 active switched, 6 active special and 4 spare.

(T)

If multiplexing were associated with the shared use facility, the monthly recurring rate for the multiplexer would be prorated in the same manner as the Entrance Facility and Channel Termination.

(5) Channels being used in conjunction with CCS/SS7 Interconnection Service are included in the channel counts for Switched Access.

(E) Customers requesting Rollover of shared use facilities will be assessed nonrecurring charges as specified in 6.8.10 (Moves), 7.2.7 (Moves), 19.3.7 (Moves), 20.4.12 (Moves) and 23.3.6 (Moves) with the nonrecurring charges being prorated as set forth in (D)(1) through (D)(5) preceding.

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.12 Moves

A move involves a change in the physical location of one of the following:

- The Point of Termination at the customer's premises;
- the customer's premises.

The charges are dependent upon the type of move requested by the customer.

(A) Moving the Point of Termination Within the Same Customer Premises

(1) Rollover

A Rollover denotes a move involving a customer requested change of a Point of Termination from one existing MegaLink Custom Service to another existing special access service (of the same or higher transmission speed) within the same customer premises. The interfaces at the customer designated premises for each service involved in the Rollover must be the same type (i.e., electrical or optical). The Rollover must occur within the same Telephone Company location. (S)

Reissued material is filed under the authority of Special Permission No. 96-294 of the F.C.C. and is deferred until May 1, 1996.

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.12 Moves (Cont'd)(A) Moving the Point of Termination Within the Same Customer Premises (Cont'd)(1) Rollover (Cont'd)

The Nonrecurring Charges apply, as set forth in Section 20.5.7(I) (Rollover), on a first and additional basis, per Access Order. The billing periods for the services involved in the Rollover do not change. (T)

(2) Relocation

A move of a Point of Termination of an existing service to a new location within the same customer premises, may be provided, at the customer's request, on a time sensitive charge basis.

The labor rates which apply are as set forth in Section 13.4.2(C) (Testing and Maintenance With Other Telephone Companies or Other Labor), preceding, of this tariff for Additional Labor. No change in billing period is required.

(B) Moving Customer Premises

A move of existing service may be provided at the customer's request. The customer will be billed 5¢ of the termination charge as set forth in 20.4.6 (Termination Charges).

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd) (M)

20.4 Rate Regulations (Cont'd) (T)

20.4.13 Modification of Service (T)

The customer may request to modify service provided all the following conditions are met: (M)

- a new billing period is established which includes a new minimum service period
- the expiration of the new billing period must extend to or beyond the expiration of the existing billing period
- the total revenue, based on recurring rates, over the revised billing period must be equal to or greater than the remaining revenue from the existing billing period
- the service end points must remain the same

The non-vintage rates and charges in effect at the time service is modified are the rates and charges which will be billed to the customer during the new billing period. (M)

Material and revised material appearing on this page formerly appeared on 10th Revised Page 259.1 of Tariff F.C.C. No. 68.

20.4 Rate Regulations (Cont'd)

20.4.14 Relocation of a DS3 to DS1 Multiplexer

A customer may request to relocate a DS3 to DS1 Multiplexer. The customer will be charged the nonrecurring charge as specified in 20.5.7(B) (DS3 to DS1 Multiplexing), following, (T) for the installation of the relocated multiplexer. A termination charge, as described in 20.4.6 (Termination Charges), preceding, will not apply for the DS3 to DS1 Multiplexer at the time it is relocated.

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.15 Service Extension

The Volume Option for a Service Extension must be less than or equal to the Channel Termination Volume Option specified by the customer for the MegaLink Custom Service being extended.

MegaLink Custom Service with Loop Redundancy or Serving Wire Center and Facility Redundancy can be extended with a Service Extension. However, the Service Extension cannot be equipped with a SecureNet option.

MegaLink Custom Service with Hub Redundancy cannot be extended with a Service Extension. Likewise, an existing MegaLink Custom Service with a Service Extension cannot be equipped with a Hub Redundancy option.

20.4.16 Facility Hubs

The Telephone Company will commence billing the monthly rate for the facility to the hub on the date specified by the customer on the Access Order. Individual services utilizing these facilities may be installed coincident with the installation of the facility to the hub or may be ordered and/or installed at a later date, at the option of the customer. The customer will be billed the appropriate MegaLink Custom Channel Termination, Interoffice Mileage (when applicable) and the Multiplexer rates at the time the facility is installed. Individual service rates (by service type) will apply for a Channel Termination and additional Channel Mileage (as required) for each channelized service.

When cascading multiplexing is performed, whether in the same or a different hub, a charge for the additional multiplexing unit also applies. When cascading multiplexing is performed at different hubbing locations, Interoffice Mileage charges also apply between the hubs.

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.17 Connecting Facility Assignment Credits

Connecting Facility Assignment (CFA) Credit is an option available to customers of MegaLink Custom Services who allow the Telephone Company use of their channel terminations for the provision of Special Access High Capacity (DS1) channel terminations to other Telephone Company customers. With CFA Credits, the Telephone Company will provide a credit to the customer of the MegaLink Custom Service for the use of their DS3 channel termination and associated DS3 to DS1 multiplexing. The Telephone Company will bill the customer of the DS1 service for the DS1 Channel Termination so provided.

(D)

(D)

The following terms and conditions apply to all CFA Credit Arrangements.

- (A) The Access Customer Name Abbreviation (ACNA) for the Special Access High Capacity Customer must be different than the ACNA for the customer of the MegaLink Custom Service.
- (B) Requests to establish or discontinue a CFA Credit will be accepted only from the customer of the MegaLink Custom Service.
- (C) When requesting a CFA Credit, the DS3 customer must provide the Telephone Company with information sufficient to correctly establish billing for a DS1 channel termination. This includes the CFA of the DS3, the DS1 customer's name, and the channel assigned to that customer. The Telephone Company will work cooperatively with the DS3 customer to identify the DS1 customer(s). However, if the DS3 customer cannot or will not provide the required information, CFA Credits will not be established.

Issued on not less than 30 days' notice under authority of Special Permission No. 95-1582 of the P.C.C.

(This page filed under Transmittal No. 2518)

Issued: November 28, 1995

Effective: December 31, 1995

One Bell Center, St. Louis, Missouri 63101

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.17 Connecting Facility Assignment Credits (Cont'd)

- (D) The Telephone Company and the DS3 customer must also agree to work cooperatively to maintain accurate customer records of any CFA Credit arrangements. The customer records which must be jointly maintained are:
- connecting facility assignments by DS1 customer and
 - additions, moves or deletions of DS1 customers onto or off of the DS3 channel termination.

If the Telephone Company and the DS3 customer cannot work cooperatively to maintain these customer records, additional CFA Credits will not be established.

- (E) CFA Credits can be established on Special Access DS3s for Special Access DS3s only. In addition, if channels become vacant subsequent to the establishment of a CFA Credit (e.g., the DS1 customer disconnects service), the CFA Credit will be eliminated.
- (F) In any month, the total CFA credits for any MegaLink Custom channel termination shall not exceed 100 percent of the combined monthly charges for the MegaLink Custom channel termination and its associated DS3 to DS1 multiplexer.
- (G) After the DS3 customer has requested a CFA Credit on an existing MegaLink Custom Service, and the Telephone Company and the DS3 customer have reached agreement that sufficient information has been identified to accurately initiate or modify the CFA Credit arrangement, within five business days of the date of reaching such agreement, the Telephone Company will send the DS1 customer via U.S. Mail a 30-day advance written notification before allowing the CFA Credit arrangement to become effective.

(This page filed under Transmittal No. 2370)

Issued: July 15, 1994

Effective: August 29, 1994

One Bell Center, St. Louis, Missouri 63101

ACCESS SERVICE

20. MegaLink Custom Services (Cont'd)20.4 Rate Regulations (Cont'd)20.4.17 Connecting Facility Assignment Credits (Cont'd)

- (H) The Telephone Company will only remove a DS1 customer from the CFA Credit arrangement at the request of the DS3 customer or because the DS1 customer has disconnected service or moved service to a different transport facility. The DS3 customer must give the Telephone Company 14 days advance written notification of any request to remove a DS1 customer from the CFA Credit arrangement.
- (I) In the event a billing dispute is initiated by a DS1 customer, the Telephone Company will negotiate with the DS1 customer as set forth in 2.5 (Billing Regulations).
- (J) The Telephone Company will accept requests to disconnect the DS3 service only from the customer for the MegaLink Custom Service. So that DS1 customers using the DS3 channel termination will have the opportunity of continuing service without disruption, the DS3 customer is responsible for notifying all DS1 customers of the disconnection.
- (K) The credit to be applied for each DS1 channel termination using the DS3 channel termination is set forth in 20.5.5 (MegaLink Custom Service). Charges for DS1 service are set forth in 7.3.10 (High Capacity Service). (T)
